Each WebABLLS customer account registration must have at least one (1) primary user. Primary users should be active users of WebABLLS. Primary users are responsible for coordinating any/all account activity within the customer account or for providing authorization for any associate user(s) to do so. Account activity includes, but is not limited to, orders (add-ons or renewals), requests for associate user accounts, and any customer account changes, transfers, or reassignments. This authority is extended for the entire customer account; however, it does not apply individual student profiles and data which are governed by a PIN code. Authorization of sharing rights to PIN codes is controlled solely and completely by the assigned profile coordinator (a primary user or an associate user) selected upon creation of a student profile and its coordinating PIN.

IMPORTANT!

~WebABLLS ORDERS CANNOT BE PROCESSED WITHOUT A PRIMARY USER ACCOUNT ~

RETURN POLICY:

Behavior Analysts, Inc., offers a 30-day return policy for WebABLLS subscriptions. To process a return please contact the WebABLLS Support Team via the contact page within 30 days of account activation. You will be charged a \$50 processing fee and the remaining balance will be refunded. We will either process a "credit" to your credit card or mail a refund check depending on the original mode of payment. Returned checks are subject to a \$25 (USD) administrative fee.
